

A Fool In Love

David Cassidy

I got a reputation
Know the right things to do
But I ain't got no education
When it comes to lovin' you
So as in you, I guess I'm just a fool
'Cause I'm a fool in love, Baby
Just a fool in love, you know babe, a fool in love
Just a fool in love

You for inspiration
Kinda get over confident
But I can't understand why
I Can't have your love, It's heaven sent
I never learned at school
Guess I'm just a fool

'Cause I'm a fool in love, baby
Just a fool in love
I'm a fool in love for you
I'm a fool in love

This heart of mine's been lyin' here
Been empty now, for just so long
And if you gave me half a chance
Never do you wrong

Babe I won't let you down
No, I won't let you down
Because I'm a fool in love, Baby
Just a fool in love
I'm a fool in love, Baby
