

Boulevard Of Broken Dreams

David Cassidy

Fallen far from the glory
Remembered as another sad story
Surrendered - what's left of a herd that was
Maybe you think you're above it
But power - She's a dangerous seductress
Don't let 'em blind you
By how far they say you can go
Some dreams don't die
Some dreams won't ever grow old all your live
As you walk down that road
On the lonliest night

I will be the one you can run to
I'll be waiting there - on that dead end street
I'll always be the one who's standin' by you
You won't ever walk alone
Down that boulevard of broken dreams

Ambition burns like a rocket
Right through you - they all say you've got it
Baby you know in your heart you can't lose
But some dreams they lie
Shot down in flames blown right out of your sky
And there's no place to go
When there's no place to go
When they all pass you by

I will be the one you can run to
I'll be waiting there - on that dead end street
I'll always be the one who's standin' by you
You won't ever walk alone
Down that boulevard of broken dreams

I'm gonna be there
When the curtain comes down
If your heart gets shattered
All over this town
You're gonna survive it baby
Just like me
You're never gonna walk alone
You won't walk alone
