

Goodbye Blues

David Cassidy

I said woah woah woah
You pack it up and go
Before you tell me baby
You don't love me anymore

Just when I thought I had it made
Oh, it starts all over again
Goodbye blues they come and got me, Lord

I said them goodbye blues, the goodbye blues they got me, Lord
Oh, yeah.
I said them goodbye blues, the goodbye blues they got me, Lord
Oh, yeah.

I said woah woah woah
You told me that you loved me this time
What's that you say?
That you've gone and changed your mind

Just when I thought I might win
The partin' starts all over again
Goodbye blues they come and got me Lord

I said them goodbye blues the goodbye blues
They got me Lord, oh yeah
I said the goodbye blues the goodbye blues
They got me oh, oh yeah
I said the goodbye blues the goodbye blues
They got me oh, oh yeah
