

## On Fire

David Cassidy

Don't let the time fool ya  
It's got a way of slippin by  
If you let it it's gonna rule ya  
And leave you high and dry

It's too easy to get lazy  
If you don't use what you got  
It might even drive you crazy  
So get up and move and get hot

Ooh yeah, yeah  
Ooh yeah, yeah  
Ooh yeah, yeah  
I'm on fire, yeah, I'm on fire, yes, I'm on fire, I'm on fire

If you ain't got no music  
Go out and find a song  
If you got soul you can use it  
Feelin' so right can't be wrong  
Don't be afraid to get burnin'  
Don't be afraid if you're not  
There's plenty of time now for learnin'  
Plenty of time to get hot

Ooh yeah, yeah  
Ooh yeah, yeah  
Ooh yeah, yeah  
I'm on fire, I'm on fire, I'm on fire, yes I'm on fire  
Dig it  
I'm on fire, yes I'm on fire  
I'm on fire, I'm on fire  
Ooh yeah, yeah  
Ooh yeah, yeah  
Ooh yeah, yeah  
I'm on fire, I'm on fire, hot, I'm on fire, yes I'm on fire  
I'm on fire, ooh! I'm on fire, I'm on fire, yes I'm on fire  
Yes I'm on fire, hot, I'm on fire
