

## Ricky`s Tune

David Cassidy

Are you sleeping my baby?  
Just close your eyes and let me run away.  
Now, don't cha cry.  
I am leaving my sweet baby.  
I've been in love with one who's far away.  
I can't live a lie.  
I've got something inside of me you know I can't hide  
And each day since I left her  
She's been on my mind.  
So take care of yourself and my, my Ricky besides  
He's the best friend I had.  
I guess this is good-bye.

Are you weeping my baby?  
I let you down but I just cannot stay.  
I can't live a lie.  
Now I am leaving my sweet baby.  
I got my ticket, it won't pass me by.  
I can't live a lie.  
I've got something inside of me you know I can't hide  
And each day since I left her  
She's been on my mind.  
So take care of yourself and my, my Ricky besides  
He's the best friend I had.  
I guess this is good-bye,  
This is good bye.  
I guess this is goodbye.
