Run And Hide

David Cassidy

```
Ain't no gettin' around it baby
Ain't no gettin' around it baby
Ain't no gettin' around it baby

I've been lookin' out for you
Everywhere you go
All the ridin' that you do
I think that you know

I guess you know by now
I'm gonna find you anyhow
'Cause you can't run and hide from love
You can't run and hide from love
Now you can't run and hide from love

I don't need no hints from you
To find out where you are
'Cause my hearts gettin' a watch on you
No place is too far
Guess you know by now
I'm gonna find you anyhow

You can't run and hide from love
Now, You can't run and hide from love
You can't run and hide from love
You can't run and hide from love
You can't run and hide from love

Ain't no gettin' around it baby
Ain't no gettin' around it darlin'
Ain't no gettin' around it baby
Ain't no gettin' around it darlin'

I think you know by now
That I'm gonna find you anyhow

You can't run and hide from love
```
