

Someone

David Cassidy

If ever someone needed someone
Then that someone's me who's needing you
If ever someone wanted someone
Then you know it's me who's wanting you

It's the surest thing I've ever felt
And I love you more than life itself
If ever someone needed someone
It's me who needs you

Tonight is in your hands
It's taken you to show me who I am
There's nothing more I can do
This love is only here because of you
And as sure as you're my lover
I'll never find another like you

I'll go crazy, I won't make it
Here without you

If ever someone needed someone
Then that someone's me who's needing you
If ever someone wanted someone
Then you know it's me who's wanting you

It's the surest thing I've ever felt
And I love you more than life itself
If ever someone needed someone
It's me who needs you

Tonight is in your hands
It's taken you to show me who I am
There's nothing more I can do
This love is only here because of you
And as sure as you're my lover
I'll never find another like you

If ever someone needed someone
Then that someone's me who's needing you
If ever someone wanted someone
Then you know it's me who's wanting you

If you want to see me get down and plead
I'll start begging on my bended knees

If ever someone needed someone
It's me who needs you
It's me who needs you
I need you
You know that I'm really needing you
You know that I really want you
I want you
I need you
Baby you know I'll never leave you
It's me who wants you
