

## Our Song

David Choi

Here's a song that I wrote for us  
It's simple so we both can remember  
I'll sing this when I am feeling alone  
And you do the same

When I sing this song  
I'll be thinking of you  
I'll be thinking of you  
When I sing this song  
Know that anywhere you are  
You're really not that far  
When you're singing our song

Even As Days Go And Disappear  
I'll still hold your hand and I'll say  
Forever and ever, we'll be here together  
And nothing can take that away

When I sing this song  
I'll be thinking of you  
I'll be thinking of you  
When I sing this song  
Know that anywhere you are  
You're really not that far  
When you're singing our song

When I sing this song  
I'll be thinking of you  
I'll be thinking of you  
When I sing this song  
Know that anywhere you are  
You're really not that far  
When you're singing our song  
Our Song, Our song...
