That Girl

Oh, tonight I'm feeling fine I'm alone, just wasting time No Friday movie nights Or romantic candle lights

I'm just having conversations With the thoughts in my head All I hear are angels crying Oh, won't they just sing instead It would be wrong for me to say

I don't need that girl by my side I don't need that girl in my life I don't want to talk it out Or hold her when she cries

I don't want to say she's my kind I don't want to say that she's mine I don't want to tell her that I love her more than life More than life, Yeah Love her more than life Yeah, yeah, yeah

Honestly, this won't do How is she doing? I tell myself I'm feeling swell But I know I'm such a fool

I could take it as a new beginning But you know I don't feel that way Who will take all this pain away? I know it's wrong for me to say

I don't need that girl by my side I don't need that girl in my life I don't want to talk it out Or hold her when she cries

I don't want to say she's my kind I don't want to say that she's mine I don't want to tell her that I love her more than life More than life, Yeah Love her more than life Yeah, yeah, yeah

Talk about a sin Was the day I walked into the other side I would run back in I wouldn't waste no time I know it's wrong for me to say

I don't need that girl by my side I don't need that girl in my life I don't want to talk it out Or hold her when she cries I don't want to say she's my kind I don't want to say that she's mine I don't want to tell her that I love her more than life More than life, Yeah Love her more than life Yeah, yeah, yeah
