

# Breathe Tonight

David Cook

You broke when I just bent  
You cried; I never meant to break you down  
This time, did I steal the best ... of you?

Can you breathe tonight  
As the air is leaving you?  
Scream tonight  
Like the words are new to you?  
Can we go back to the last time my arms could carry you?  
Breathe tonight  
You're alive

Lost; don't leave me in the dark alone  
Shine a light  
Cause you're the road that got me home  
Cause I, I never knew that love was true  
Did you?

Can you breathe tonight  
As the air is leaving you?  
Scream tonight  
Like the words are new to you?  
Can we go back to the last time my arms could carry you?  
Breathe tonight  
You're alive

You broke when I just bent  
Goodbye, But only if you're over it

Can you breathe tonight  
As the air is leaving you?  
Scream tonight  
Like the words are new to you?  
Can we go back to the last time my arms could carry you?  
Breathe tonight  
You're alive  
You're alive
