

# Den City

David Cook

Take my hands and let me lead you  
To a place that you will love

I know a place, somewhere so peaceful  
There's not a trace of hate, just happy people  
Smiling faces everywhere, warm embraces everywhere  
Come let me take you there, welcome to my city (yeah)

Welcome to Den City, the city of lights  
You're gonna love the things you see, when you are in Den City  
Welcome to my city, yeah, it's a better life out here  
You're gonna love the way you feel, when you are in Den City

Come let me show you a place, somewhere so beautiful  
Let me take you to a place with an ambiance so wonderful  
The busy streets and traffic lights, lively city day and night  
The atmosphere will make you feel alright, alright

Come let me show you a place you'll love  
Come let me show you where you'll let go of all your trouble

Welcome to Den City, the city of lights  
You're gonna love the things you see, when you are in Den City  
Welcome to my city, yeah, it's a better life out here  
You're gonna love the way you feel, when you are in Den City

You can go anywhere you want to, you can do anything you want to  
Spread your wings and fly, fly into the sky, you can be free  
Have a laugh with a stranger, fall in love with an angel  
Most of all you will fall in love with my city

Come let me show you a place you'll love  
Come let me show you where you'll let go of all your trouble

Welcome to Den City, the city of lights  
You're gonna love the things you see, when you are in Den City  
Welcome to my city, yeah, it's a better life out here  
You're gonna love the way you feel, when you are in Den City

Take my hands and let me lead you  
To a place that you will love  
Take my hands and let me lead you  
To a place that you will love
