

## ...neverending...

David Crowder Band

Neverending always, You will never end  
Because You're always neverending  
You were there before there was beginning  
Always You were, You are neverending

Here You are now with us  
Here we are, found in You

And this makes all the difference  
This changes everything  
Making our whole existence  
Worth something, so we sing

La la la la  
La la la la

Neverending always, You will never end  
Because You're always neverending  
You were there before there was beginning  
Always You were, You are neverending

Here You are now with us  
Here we are, found in You

And this makes all the difference  
This changes everything  
Making our whole existence  
Worth something, so we sing

Oh You make all the difference  
Yeah, You change everything  
You make our whole existence  
Worth something, so we sing

La la la la  
La la la la  
La la la la  
La la la la

La la la la  
La la la la  
La la la la  
La la la la

La la la la  
La la la la la
