David Dallas

Gimme that mic fool, lemme get a few things off the chest  
I remember them, student days put me to the test yes  
Actually you could say, that I put myself through it  
How could I be helpful to mum if I ain't sail through a  
Tertiarty institute, older brother, sister who  
Did it, so you ain't shit if you ain't in the livin room  
With "bachelor" on the wall, this plaque is awarded for  
What [?] I don't know shit.. back chillin on the wall  
Outside of the guidance counsellors office  
And he sittin askin if I know, what I'm really wantin out of life  
See I don't know, what I wanna do or pursue, I just wanna make  
Moves with the crew to hit the

Big Time

Soon we'll hit the Big Time  
When we hit the Big Time  
Soon we'll hit the Big Time  
So you gotta reach for that money  
Keep receipts for that money  
They gonn' leach all that money  
When you least need it, but we  
Hit the Big Time  
Soon we'll hit the Big Time

Year 00, now I'm outside in the big bad world  
Tryna make some dollars maybe I could bag a bad girl  
What, what you wanna do? still don't really know  
So just grabbed the university brochure and I chose  
Somethin at a whim, I.T? Yeah, I like computer games  
"but I heard their pay got lower since Y2K?".. fuck it  
I suck at economics and accounting, so BCom is out  
B Bursary cut down all the choices, ain't no medicine or engineering for me,  
Now the only small problem is the fees  
Cost 3 and a half to 5 over 4 years  
Yeah its steep but you shoulda tried to save before you're here  
You gonna need money for text books on top of that here  
Here's a discount card for Shads cheapen up your beer  
Don't fear, if you ain't got no money little Dave  
Here's a student loan form, you can sign your life away to
