

## Gotta Know

David Dallas

I am, I am, I am, I am

Swinging for the stands, let me see your hands  
Try to mash out on this life, fame and do the dance  
What's the plan, man, I'mma hit the city and sigh-see  
Lot of imitators, you can tell them to bite these  
Hide these on the sideline, like Spike Lee  
I'm playing outta town, someone tell them to invite me  
My flight leaves early tomorrow, let's get acquainted  
The town's looking kinda dull, it's time to paint it  
Walking around this whole spot like we made it  
If they ain't talking about us, we will name it  
Don't give a fuck who they put up on the A list  
See, anything we don't like, we replace it  
Change it, rearrange it, what's your favorite drink?  
Once you take the shot this what we be chasing  
With, don't make a dif', yeah, you in the basic  
Chick, tryna get the grip, this is what it is

Don't be blinded by the lights  
Killing day, we up all night  
Pour it up, girl, it's alright  
I just gotta know  
You wanna be my main squeeze, baby?  
I gotta know  
Will you give me what I need, baby?  
I just gotta know  
You wanna be my main squeeze, baby?  
I gotta know  
Will you give me what I need, baby?  
I just gotta know

Yeah, get it right, roll with the winners  
And if anybody asks, you don't know when you'll be finished  
Ain't nobody business and you can say ah, just ain't no limits  
This is my piece here, I be a hard act to follow  
Probably heard when I see the bank balance tomorrow  
For now it don't matter, it's no jetter ...ain't got no talent and no manners  
I'm no fan of and don't dabble in scrub shit  
So if you need a cab you won't have to cover it  
Just pour it up, pour it up like Rihanna  
Good girl gone bad, Charlotte to Samantha  
Sex and the City fan, I know you can hand with  
This, any photo looks good if the angle fits  
But you final, you don't need no camera tricks  
Tryna get the grips, just what it is

Don't be blinded by the lights  
Killing day, we up all night  
Pour it up, girl, it's alright  
I just gotta know  
You wanna be my main squeeze, baby?  
I gotta know  
Will you give me what I need, baby?  
I just gotta know  
You wanna be my main squeeze, baby?  
I gotta know

Will you give me what I need, baby?  
I just gotta know
