

O.T.T

David Dallas

(41, drop it!)

Getting my mojo
I might start stepping in photos
Always been light on the promo (That's light)
Heavy on product, won't speak on it if I don't got it
Anything else is just comic
Been here for hours just tweaking the sonics
Reference "The Chronic"
It's rare that I come around, I'm like a comet (It's rare)
They blow my phone up like something atomic
Supply & demand it's all economics
There ain't no reason a bee's in your bonnet
Said, "you ain't got it" - that's me being honest
Blunt like my mum off the g' and the tonic
Drunk like my mum but you won't see me vomit
If I'm gonna touch it, it's somethin' iconic
Anything less, keep that stuffed in your pocket
Know they've been shilling some junk just for profit (Trash)
Tweeting at me with emojis of rockets
If I post a moon, I'm talkin' Omega
Certified chronograph: I'll drop the paper
Hate on my shit, then they go try it later
What they call drip, I'ma turn it to vapour
'Cause that shit don't fit like the 22 Lakers
That shit don't hit no more - Uriah Faber
Do me a favour, please
Get outta here, man, you put me to sleep, I'm gone

I can't be sitting in neutral (No way)
Don't like me? the feelings mutual
Can't pay it no mind I'm frugal
Being stuck down bad's unusual (That's weird)
I'm where I'm supposed to be
It get kinda awkward socially
Was in a mess, got O.C.D
I clean up well, I'm O.T.T
I can't be sitting in neutral (No way)
Don't like me? the feelings mutual
Can't pay it no mind I'm frugal
Being stuck down bad's unusual (That's weird)
I'm where I'm supposed to be
It get kinda awkward socially
Was in a mess, got O.C.D

I'm over the top
I turn my hat like Stallone on an op (Oi, Sly)
Don't drive a truck but I'm motoring off
I push the limit don't know when to stop
If there's a grudge and you hoping I flop
You better get you some copium, boss
I might get petty, start showin' it off
You'd shake my hand if you know what this cost
You're never the same once you go through a loss (You ain't)
Cut out the chat, I ain't open to goss'
Got enough friends, don't need Joey or Ross

Left in the dust when I open the NOS
Like Dom Toretto but don't wear a cross
No one is shocked
I answer to me because no one's my boss
Don't try to ask what I think of their shit
Tell you the truth, didn't know that it dropped
It could get dark but I'm hoping it's not
Past couple years, didn't go to the plot
Already tall but I've grown a lot
Being away couldn't lower the stock
Nah
One of a kind, this ain't off a conveyor
I'm a musician before entertainer
I'm on a mission, all I fear is failure
I got ambitions to meet with Zendaya
(I do)
Heart on a story don't make you a player
Put out a demo, I feel like Isaiah
If you don't get it, ain't tryna persuade ya

I can't be sitting in neutral (No way)
Don't like me? the feelings mutual
Can't pay it no mind I'm frugal
Being stuck down bad's unusual (That's weird)
