

# Transmitting Live

David Dallas

Get up on my frequency  
You can catch me broadcasting legally  
This raw South Pacific scenery  
What you see in me is nothing like that Peter Jack Flint  
I never been the type to treat the truth like it's Mr. Fantastic  
It's really so damn sick, I'll stick to the damn script  
You think you're the man, I'm here to fuck up your plans quick  
A little pedantic with the details kinda hand grip  
Of this so-called ex persons speak my language  
Don't write about this, listen up  
You need to put your pants down cause you miss too much  
'and the quest for getting bread ain't no telling where we'll be lead  
Till I'm dead...another young Polynesian try to go with Instagram  
I never donated the posies that didn't know my name  
I done say Grace at the table, I'm thinking I changed  
Been the same since primary school  
Rolling on them BMXs, you were riding, fool  
Thinking that it might be cool to play some Dr. Dre today  
I was 'tryina learn this shit

Now I'm transmitting live  
Feel the vibe, you can even ride  
Or collide, you won't be denied  
Tell a friend, could tell a friend  
We're going in, transmitting live  
Now I'm transmitting live  
Feel the vibe, you can even ride  
Or collide, you won't be denied  
Tell a friend, could tell your friends  
We're going in, transmitting live

On the TV up in high fidelity, don't give a fuck what they telling me  
Catch a felony for real, they try to mute my voice  
But can't monopolize the airwaves, now there's a choice  
To let me hoist some of these issues on my shoulders  
Nice getting colder, different role, different soldier  
None of us can get a mortgage  
Only thing that they reporting is some E Channel flings  
All the music they recording sounds like people can't sing  
And an athlete can't swig without a PD allegation  
My boy just got the not, on board with three applications  
New degree, congratulations, getting accusations  
When they try to cut him off, say he ain't on a hunt for jobs  
It's like fuck it, dog, didn't sign up for this  
Had to grab this mic and try some other shit  
Me and my production clique took that off the bucket list  
Years later, look at what we coming with

Now I'm transmitting live  
Feel the vibe, you can even ride  
Or collide, you won't be denied  
Tell a friend, could tell a friend  
We're going in, transmitting live  
Now I'm transmitting live
