

Star

David Dunn

Oh my God
What do I see?
'Cause It just appeared
In the east

And I am afraid
What does it mean?
Is this the end of the world?
Or a Prophecy?

Oh
And the star burns bright
Oh
In the day and night
And nobody seems
To know what it means
Or why it's hanging in the sky
But oh
The star burns bright

And the journey's long
Day by day
I go on like a
Moth to flame

And when I sleep
Oh and when I wake
Oh I see it there
I can't look away
And oh

And the star burns bright
Oh
In the day and night
And nobody seems
To know what it means
Or why it's hanging in the sky
Well oh
And the star burns bright

Overhead
Over me
The star light falls
On a humble scene
And it may not look
Like royalty
But somehow I know
That the Child is King
But somehow I know
That the Child is King

And oh
And the star burns bright
Oh
In the day and night
And nobody seems
To know what it means

Or why it's hanging in the sky
Well oh
Yea the star burns bright
And oh
Yea the star burns bright
Oh
Yea the star burns bright
