

Sylvia

David Ford

I was lost I didn't know what to do I
Wasn't looking at all, I wasn't looking for you

But ain't it just so hard to see

I left the city, given up on the dream I
Said "any port in the storm", Oh what the hell does that mean?

And you were just so friendly to me

So why don't you stay for another
I used to think I would but I could never find another love
Oh Sylvia

Nothing to offer, just a cold heart of steel I
Didn't know what it is, I didn't know how it feels

To think about someone but me

And I tell you Sylvia, I've had enough
Of this romantic procedure, these maneuvers of love

And pretty little words that don't mean nothing to me

So why don't you stay for another
I used to think I would but I could never find another love
Oh Sylvia

I called her like 100 times but I get no reply

I cannot stand to think she does it just to make me suffer
I used to think I would but I could never be enough for her

So just take a chance on me lover
I used to think I would but I could never find another love
Oh Sylvia

I'm just dying without your love
Oh Sylvia
