

# Got Lost

David Franj

Please don't lose the things I love the most  
Please tell me they're here if I get back  
I know it's my mistake  
I gave it all away  
It's just like me to blow it  
I gave you just enough to know you off your feet  
It's just like you to hurt at something like that  
I don't need noone to tell me what I'm thinking  
When I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
So help me get back  
Please don't say anything that might cut deep  
Just remember I lost as much as you  
I know it's my mistake  
I threw it all away  
It's just like Franj to go and fuck it all up  
And I gave you just enough  
Swept you off your feet  
It's just like you to hurt at something like that  
I don't need noone to tell me what I'm thinking  
When I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
So help me get back  
I don't need noone  
To tell me what I'm thinking  
When I think I got lost, I got scared, like I was wrong  
I think I got lost, I got scared and I was wrong  
When I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
I think I got lost  
I think I got scared  
I feel like I was wrong  
And I need to get back  
So help me get back
