

# Perfect World

David Franj

It's chemistry, we're worlds apart  
My angel from the very start  
I do believe I'm not alone  
When I say I'd die, you're the one I want  
You're my darling  
You're my angel  
To my darling  
To my angel  
My eyes are tired  
My jacket's torn  
I leave a stranger's bed to drive alone  
She's on my clothes  
She's in my breath  
She says you're not him  
Should we both pretend  
I'm her darling  
She's my angel  
Darling, angel  
My darling  
My angel  
To my darling  
To my angel  
Baby just to hold you  
For a second I can see  
In a perfect world you would run for me  
Baby just to hold you  
For a second I can see  
In a perfect world you would run for me  
It's chemistry, We're worlds apart  
My angel from the very start
