

# A Tight Ship

David Gray

The better then  
To know myself  
That fear be damned  
And love be wealth  
To sing it like  
A mountain stream  
To dance like no-one sees

That blinked an eye  
That flashed a smile  
But missed it by  
A country mile  
Now sleek to dive  
In mirrored pools  
And dance like no-one sees

So seize the day  
Yeah aim it true  
We'll live the way  
That lovers do  
We'll go defenceless  
Open wide  
We'll let the senses  
Be our guide  
We'll break the surface  
Snip these strings  
Relearn the grace  
Of selfless things  
We'll dance like no-one sees  
Dance like no-one sees  
We'll dance like no-one sees

Now sleek to dive in mirrored pools  
So sleek to dive in mirrored pools  
In mirrored pools so sleek to dive  
To kiss the face  
To snip the strings  
Relearn the grace  
Of selfless things  
Then sleek to dive  
(Tonight we dance like no-one sees us)  
So sleek to dive  
And sleek to dive  
(Tonight we dance like no-one sees us)  
So sleek to dive  
Then sleek to dive  
(Tonight we dance like no-one sees)
