

Forever Is Tomorrow Is Today

David Gray

Tuesday my heart is brimming
Im a child in the wild wind
Dead leaves and daylight dimming
No beginning and no end
Inside a candle of defiance
Moonlight
A river of pearls

Cause were going to need more
Than money and science
To see us through this world

You say it cant be done
Youd rather die of fun
Get out of the way
For me for you for everyone
Forever is tomorrow is today

Shut all the windows
Shut all the doors
Were keeping it all out of sight
Were keeping it all
Its tearing us apart
You dont know your good
From your bad from your black
From your blood from your wrong
From your right
So you camouflage your heart

I dont want no other distractions
Theres too much here to see
Faint hearts or jaded reactions
Contraptions of history

You say it cant be done
Youd rather die of fun
Get out of the way
For me for you for everyone
Forever is tomorrow is today

Shut all the windows
Shut all the doors
Im keeping it all out of sight
Im keeping it all
Its mine and mine alone
Corrosion collision
I need a vision
To tear off the cloak of the night
And shatter eyes of stone

You say it cant be done
Youd rather die of fun
Get out of the way
For me for you for everyone
Forever is tomorrow is today
Forever is tomorrow is today
Forever is tomorrow is today
