

Walking In Circles

David Gray

Throwin' it away, had enough
Drinkin' illusion, talking tough
It's all in my mind, I need to know
Why, oh why

Don't understand how to try
Where is the love, was in your eyes?
Where is the love, shines for me?
Your eyes, oh

Walking in circles, acting up all night
Praying for somethin', gonna make thing right, oh
Prying and searching this heart of mine
Going wrong, going wrong

All of the words you said before
And all of that magic shall be no more
All of the memories
Shall distraught, my mind, oh

Walking in circles, acting up all night (you're not alone)
Praying for somethin', gonna make things right
Prying and searching this heart of mine
Going wrong, going wrong

Walking in circles, acting up all night
Praying for somethin', gonna make things right
Prying and searching this heart of mine
Going wrong, going wrong

Walking in circles, acting up all night
Praying for somethin', gonna make things right
Prying and searching this heart of mine
Going wrong, going wrong
