

Kill The Vibe

David Guetta

I know what it's worth covered up in diamonds
See me driving Lamborghinis and I'm sipping on the ride
I got your boyfriend in my DM and he's asking for all-nighters
But the glitters ain't gold, yeah, the glitters ain't gold

'Cause I got one, two things that I can't get off my mind
And I'd like to think that I'm vibing all the time
You see me pulling up in Prada and I'm looking super fly
Baby, don't you kill the vibe, baby, don't you kill the vibe

'Cause I got one, two things that I can't get off my mind
And I'd like to think that I'm vibing all the time
You see me pulling up in Prada and I'm looking super fly
Baby, don't you kill the vibe, baby, don't you kill the vibe

'Cause I'm
'Cause I'm
'Cause I'm
'Cause I'm

I know what it's worth covered up in diamonds
See me driving Lamborghinis and I'm sipping on the ride
I got your boyfriend in my DM and he's asking for all-nighters
But the glitters ain't gold yeah the glitters ain't gold

'Cause I got one, two things that I can't get off my mind
And I'd like to think that I'm vibing all the time
You see me pulling up in Prada and I'm looking super fly
Baby, don't you kill the vibe, baby, don't you kill the vibe

'Cause I got one, two things that I can't get off my mind
