

Lighter

David Guetta

Baby, you came in the right time
Sitting on me, drinking white wine
Taking me places I ain't been before
You make me feel lighter

I did not know what it feels like
Taking my mind on a wild ride
I'm in for a lifetime for sure
You make me feel lighter (who)

You got control of me
When I go deep in your water
Don't need apologies
No, you can do what you want to

Yeah, we're the life of the party
And you can tell that there's no doubt
The way I feel about you now (who)

Say, whoa
Anytime, anyplace, I'll be there for you, babe, you know
And if you need some space, I'll give it to ya, rock my soul
I love how you taste, all your curves and shades and all of you

Baby, you came in the right time
Sitting on me, drinking white wine
Taking me places I ain't been before
You make me feel lighter

I did not know what it feels like
Taking my mind on a wild ride
I'm in for a lifetime for sure
You make me feel lighter (feel lighter, feel lighter, feel lighter)

Feel lighter, feel lighter, feel lighter
Feel lighter, feel lighter, feel lighter
Feel lighter, feel lighter, feel lighter (oh-oh-oh)
Feel lighter, feel lighter, feel lighter, feel lighter

Beat my heart like a banjo
Give me dance, oh, love you in a thousand ways
Now you be the party, ka ma jo?
Gimme dance, oh, I know go use you play

Give me love and affection
Iwọ ni mo fẹ gan-an, iwọ ni mo fẹ gan-an, gan-an
And if I lose you, I lose a piece of me
I will never let you go

Say, whoa
Anytime, anyplace, I'll be there for you, babe, you know
And if you need some space, I'll give it to ya, rock my soul
I love how you taste, all your curves and shades and all of you

Baby, you came in the right time
Sitting on me, drinking white wine
Taking me places I ain't been before

You make me feel lighter

I did not know what it feels like
Taking my mind on a wild ride
I'm in for a lifetime for sure
You make me feel lighter (feel lighter, feel lighter, feel lighter)

Feel lighter, feel lighter, feel lighter
Feel lighter, feel lighter, feel lighter
Feel lighter, feel lighter, feel lighter (oh-oh-oh)
Feel lighter, feel lighter, feel lighter, feel lighter

Baby, you came in the right time
Sitting on me, drinking white wine
Taking me places I ain't been before
You make me feel lighter (lighter)

I did not know what it feels like (feels like)
Taking my mind on a wild ride (wild ride)
I'm in for a lifetime for sure
You make me feel lighter (feel lighter, feel lighter, feel lighter)
