

## Never Be Alone

David Guetta

You hold my heart in the palm of your hand  
I'll carry you to the promise land  
We'll find a place and we'll build a home  
And we'll never be alone  
No, never be alone  
Ooh, never be alone  
(Never be alone)

You hold my heart in the palm of your hand  
I'll carry you to the promise land  
We'll find a place and we'll build a home  
And we'll never be alone  
No, never be alone  
Ooh, never be alone  
(Never be alone)

Never be alone  
Never be alone  
Never be alone  
We'll never be, never be alone  
Never be alone  
Never be alone
