

Raving

David Guetta

I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving

I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving
I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving

You know how it goes
Bad girls on the poles
Free drugs on the low
We been taking them shots like (Ding, ding, ding, ding)
Got no sugar daddy, get my own bag, I don't need a caddy (Uh-uh)
Text me the addy, up all night, just took another Addy

I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving

Raving, raving, raving, raving
Raving, raving, raving, raving
If I die tonight, bitch, at least I'll die raving

I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving
I just found a bag on the floor, should we take it?
Young, dumb, and broke, and we tryna get wasted
I ain't got no clothes, but I got my body painted
And if I die tonight, bitch, at least I'll die raving
