

# Together

David Guetta

Let's be together again

We can dance forever  
Like we did back then  
Let's be together  
Let's be together again

Let me love you better  
Better than I did  
Let's be together  
Let's be together again

When I'm with you I'm alive  
When I'm with you I'm alive  
Let's be together  
Let's be together again

When I'm with you I'm alive  
Help is where you are tonight  
Let's be together  
Let's be together again
