

Toyfriend

David Guetta

Laa, I see you looking yeah you looking over my way
I'm gonna leash you up and put you into my cage
Teach you how to touch me baby how to say my name
Bet that you never had nobody that'd give it you, ya, this way

I wanna put you in my closet
I wanna wait till I'm exhausted
I wanna come, come baby, come
Be my toy friend let me play with you

Come, come baby come
Be my toy friend till I'm through with you

Let me play with you
Let me play with you
Let me play with you
Let me play with you
Bounce

Ain't gotta dress you up and put you on display
Rather keep you in my dollhouse
I'd run you on turn you on in so many ways
And I don't ever have to use no batteries

I wanna put you in my closet
I wanna wait till I'm exhausted
I wanna come, come baby, come
Be my toy friend let me play with you

Come, come baby come
Be my toy friend till I'm through with you

Let me play, let me play
Let me play, let me play
Let me play

Come, come baby, come
Be my toy friend let me play with you
Come, come baby, come
Be my toy friend till I'm through with you

Let me play with you
Let me play with you
Let me play with you
Let me play with you

Come, come baby, come
Be my toy friend let me play with you
Come, come baby, come
Be my toy friend till I'm through with you

Come, come baby, come
Be my toy friend let me play with you
Come, come baby, come
Be my toy friend till I'm through with you
