

## Your Love

David Guetta

Oh I can speak, is that truth  
Anyone can see there's a fire in you  
Comin' at you hurry  
If you wanna be free  
Show me your love  
Show me your love

Oh I can speak, is that truth  
Anyone can see there's a fire in you  
Comin' at you hurry  
If you wanna be free  
Show me your love  
Show me your love

Show me your love  
Show me your love  
Show me your love  
Show me your love

Oh I can speak, is that truth  
Anyone can see there's a fire in you  
Comin' at you hurry  
If you wanna be free  
Show me your love  
Show me your love  
Show me, show me your love  
Show me, show me your love  
Show me, show me your love  
Show me your love

Show me your love  
Show me your love

Show me your love  
Show me your love

Oh I can speak, is that truth  
Anyone can see there's a fire in you  
Comin' at you hurry  
If you wanna be free  
Show me your love  
Show me your love
