

## After Manana Mi Cielo

David Hasselhoff

after mañana mi cielo  
I'll be with you in the morning  
wait for me down by the station  
there is gonna be some celebration  
after mañana mi cielo  
I'm gonna hold you tomorrow  
darling be mine when I come to you  
mañana my friend mi cielo

It's been so long so many nights  
I had to see  
those big city lights  
I've seen a hundred places  
and millions of faces  
but one girl is still on my mind  
I've seen a hundred places  
and millions of faces  
but one girl is still on my mind

after mañana mi cielo  
I'll be with you in the morning  
wait for me down by the station  
there is gonna be some celebration  
after mañana mi cielo  
I'm gonna hold you tomorrow  
darling be mine when I come to you  
mañana my friend mi cielo

How do you look  
how do you feel  
d'you still believe  
my lovin' is real  
give me a chance to show you  
and baby I know you  
we'll never be lonely again  
give me a chance to show you  
and baby I know you  
will never be lonely again

after mañana mi cielo  
I'll be with you in the morning  
wait for me down by the station  
there is gonna be some celebration  
after mañana mi cielo  
I'm gonna hold you tomorrow  
darling be mine when I come to you  
mañana my friend mi cielo
