

I'm Your Lover

David Hasselhoff

The temperature is rising
The heat is on
There is a fire down under
Comin' on strong

I can taste your summer hunger
Love is in the air
All you've got to do is say my name
And I'll be there

Baby I'm your lover
Baby I'm your man
Baby I'm your lover
Baby I'm your man

I'm gonna take you higher
I'll take you there tonight
You're on the way to heaven in my arms
So hold on tight

Forever forever baby
Forever forever baby

Baby I'm your lover
Baby I'm your man
Baby I'm your lover
Baby I'm your man
