

Love Lines

David Hodges

Your what i came here for
ive been traveling for days
i dont know how long unravelling can take
dont want this high anymore
i wanna leave this alltitude
i wanna show you how it all comes down to you
and me starting to see.

Some love lines
you cant erase some heart strings
you cant replace some bells, ring forever
but some day could come
we may find we have to trust another
virgin of us some songs, sing forever
in your mind, L
ove lines

(2 verse)

Your what i came here for
cause the fire wont go out
theres still a chance theres embers on the ground
i dont want this freedom anymore
ya i tried to forget, it turns out what we had is perminant(hold)

Some love lines
you cant erase some heart strings
you cant replace some bells, ring forever
but some day could come
we may find we have to trust another
virgin of us some songs, sing forever
in your mind.

Ya we took the hit we took the fall
but looking back i see we had it all
believe it, ya believe it.
we lost some time we lost our way
but, im still holding on to love we made
for as long as it will take

(outro)

Some love lines
you cant erase some heart strings
you cant replace some bells, ring forever
but some day could come
we may find we have to trust another
virgin of us some songs, sing forever
