## **Don't Mention Tomorrow**

## **David Houston**

I know I'll be blue for a while yet till your mem'ry finally go es I'll wait

And these tears that keep falling around me mean a rainbow is o n its way

So don't mention tomorrow till I have time to forget yesterday

I'm still in a state of confusion cause I'd planned a future wi th you

And it's such a big change for my world to turn from happy to b lue

So don't mention tomorrow till I have time to forget yesterday

(Don't mention tomorrow) till I have time to forget yesterday
