

## If I Never Stop Loving You

David Kersh

If there ever was a perfect night  
This just might be the one  
For tellin' you the way I feel  
And just how real we've become  
If I'm anxious and a little uptight  
It's because I wanna ask you this right

If I never stop loving you  
Will you never start wantin' me to  
Say you won't and that's what I'll do  
For forever with a heart so true  
If you'll start and end every day  
Forever never wantin' me to go away  
All I'm ever gonna always do  
Is never stop loving you

Please forgive me I'm a little bit nervous  
I really rehearsed what to say  
It's funny in front of the mirror  
My words sounded clearer today  
In my heart I've got it straight in my head  
I mean everything I think I just said

Even though it isn't what I had planned  
I really think you understand  
If I never stop

All I'm ever gonna always do  
Is never stop loving you
