

Buried At Sea

David Kushner

You're wearing my halo
Heavens divide
You're fooling the angels with your sweet eyes
You're preaching a fable
Of the innocent one
From oath to betrayal, look what you've done

If the waves call my name
Then I won't go down alone
Way down we go, oh-ooh

Oh, darling, we're buried at sea
Our fate rests down in the mystery
Dry bones sinking in the dead, dead water
While the earth grows darker, my dear (Oh)
Oh, darling, we're buried at sea
Our sins lay cold in the depths beneath
Hell don't need another lawless martyr
And the Lord don't barter, I fear (Oh)

Oh-oh, oh-oh-oh, oh-oh

I suffered in silence
You ate from the vine
Oh, I'll spill the truth and let the world decide

If the waves call my name
Then I won't go down alone
Way down we go

Oh, darling, we're buried at sea
Our fate rests down in the mystery
Dry bones sinking in the dead, dead water
While the earth grows darker, my dear (Oh)
Oh, darling, we're buried at sea
Our sins lay cold in the depths beneath
Hell don't need another lawless martyr
And the Lord don't barter, I fear (Oh)

It's too late for your atonement
You found the box but lost the key (Help)
Honey, don't be so naïve

Oh, darling, we're buried at sea
Our fate rests down in the mystery
Dry bones sinking in the dead, dead water
While the earth grows darker, my dear (Oh)
Oh, darling, we're buried at sea
Our sins lay cold in the depths beneath
Hell don't need another lawless martyr
And the Lord don't barter, I fear (Oh, hey)

Ooh-ooh, ooh
Ooh-ooh, ooh
(Woah)

Ooh-ooh, ooh-ooh-ooh
Ooh-ooh, ooh (Woah)
