

I Wanna Get to Heaven

David Kushner

Lie with me
To tie our souls
Your eyes speak to me
Don't be weary

Don't you know my heart
Oh my love, oh my love
You're hard to reach
So I plead

I wanna get to Heaven
Baby, tell me what to do
I'm scared this is ending
Expose the lies from the truth

Will I ever get to Heaven
I'd go through Hell for you
Can we keep on transcending
Or maybe I'm just meant to lose

Maybe I'm just meant to lose you

Tell me that you need me
You love to hide
I'm so tired of dreaming
Of us to find

Something so deceiving
I'll go and fly
Far away from you
So lost from the gates

I wanna get to Heaven
Baby, tell me what to do
I'm scared this is ending
Expose the lies from the truth

Will I ever get to Heaven
I'd go through Hell for you
Can we keep on transcending
Or maybe I'm just meant to lose

Maybe I'm just meant to lose you

I'll fly far away from you
Woah
