

She's Looking Good

David Lee Roth

Got the kinda lovin'
Make a man lose his mind
You got that little somethin'
Let me know that you're mine, oh

She's lookin' good
You know she's lookin' so good
You lookin' good
Just like they told me that you would, alright now

When you call my name, now
You call me Mr. Clean
I'm gonna give you lovin'
Like you ain't never seen, oh

She's looking good
You know she's looking so good
You lookin' good
Just like I told you that you would, alright
Lookie here now

When you lay awake now
You wear your dresses tight
You wear your foxy fur
When you step out late at night

She's lookin' good
You know she's looking so good
You lookin' good
Just like they told me that you would, alright

Ma-ma-mama, get your mojo
Papa get your gun
I'm gonna steal your daughter
I'm gonna be your son

She's lookin' good
You know she's lookin' so good
You lookin' good
Just like they told me that she would, all right, ow

She's lookin' good
You know she's looking so good
You lookin' good
Just like they told me that you would, alright

Get it, get it
Hey, now
She make me walk right, now
She make me walk right, now
She make me holler, hey
Hey, yeah yeah yeah
Ow, come on she's lookin' good
