

# Cold Wind Blowin'

David Lynch

Got a cold wind blowin'  
through my heart  
through my heart  
the game is over  
you win  
i lose

got a cold wind blowin'  
through my heart  
through my heart  
the game is over  
you win  
i lose

comin' down  
on the wrong side  
common' down  
on the wrong side  
of love

i see your smile  
on rainy days  
spray painted on clouds floatin' by  
i can see your smile now  
twisting in a cold wind

got a cold wind blowin'  
through my heart  
through my heart  
the game is over  
you win  
i lose
