

Star Dream Girl

David Lynch

Crank up that radio, let me tell y'all a story
They're coming from all around, flying down that wide highway
Coming like crowds like never before
Her being the one they can't wait to see

Every night they come, to dream of her

Star dream girl, star dream girl

Crank up that radio, let me tell y'all a story
They're coming from all around, flying down that wide highway
Coming like crowds like never before
Her being the one they can't wait to see

Star dream girl, star dream girl

Every night they come, to dream of her
