

We Rolled Together

David Lynch

Smokestack barkin'
train comin' on
smokestack barkin'
train comin' on
train, train
sixteen coaches long

went down
to the ice cream store
i went down
to the ice cream store
when i got home
that ice cream was gone

we rolled together
we rolled together
we rolled together
now she's gone now, forever
gone now, forever
gone now, forever

street the up going girl little crazy
street the up going girl little crazy
sleep to home going girl ain't crazy
sleep to home going girl ain't crazy

train, train
train, train
train moving on

we rolled together
we rolled together
we rolled together
now she's gone now, forever
gone now, forever
gone now, forever
