

# Cheating On Me

David Nail

There's a light I can see coming down that shines on you  
You don't know I can tell by the way you're body moves  
But you say there's a will there's a way to break this down  
It don't take a lot of sense to figure out  
You've been running around

Don't wanna know who it is  
Don't wanna know for how long  
Girl I want you to admit that you've been doing me wrong  
Thought I knew better  
Thought I knew you swore on forever  
When I said I do girl  
What the hell were you thinking cheating on me

You can say that its me  
I'm to blame for working too much  
You can call me names  
Don't give a damn I've heard enough

Don't wanna know who it is  
Don't wanna know for how long  
Girl I want you to admit that you've been doing me wrong  
Thought I knew better  
Thought I knew you swore on forever  
When I said I do girl  
What the hell were you thinking cheating on me

Don't wanna know who it is  
Don't wanna know for how long  
Girl I want you to admit that you've been doing me wrong  
Thought I knew better  
Thought I knew you swore on forever  
When I said I do girl  
What the hell were you thinking cheating on me
