

## Comeback History

David Nail

Down on Main Street, Friday fever  
Come round sundown, Indians and Eagles

I can't see you, without feeling  
I would come back, if you were willing

This town won't ever be the same  
I know most folks would agree  
We were the surest thing around  
And we'd be comeback history

He was safer, less of a dreamer  
Cool in the back seat, a second stringer

This town won't ever be the same  
I know most folks would agree  
We were the surest thing around  
And we'd be comeback history

This town won't ever be the same  
I know most folks would agree  
We were the surest thing around  
And we'd be comeback history

Comeback history  
Comeback, comeback, comeback history  
Comeback, comeback, comeback history  
Won't you comeback, comeback...
