

## Roach Motel

David Nail

She said, "Don't say a word  
Just keep it to yourself  
Nobody's gonna know  
I ain't that easily impressed  
I borrowed a truck  
I'll park it around back  
Got a hundred dollar bill  
Nothin' they can track"

"It's a roach motel  
We don't need a lot of time  
Just lie on your back  
And enjoy the ride"

She said, "I was thirteen  
Barely out of seventh grade  
And that summer, every boy  
Kept comin' 'round my way  
I've been in your shoes  
Don't you worry 'bout a thing  
Ain't nothin' you can do  
That I ain't ever felt or seen"

"It's a roach motel  
We don't need a lot of time  
Just lie on your back  
And enjoy the ride"

"Guess now I find comfort in bein' in control  
And always knowin' I'm a memory  
You ain't the first, and you won't be the last  
To be with me  
So, boy, please be with me"

"It's a roach motel  
We don't need a lot of time  
Just lie on your back  
And enjoy the ride"
