# Higher

**David Phelps**

Many things you just don't know about me; I don't quit that eas
y.
So don't stand there with your jaw down in surprise.
I'm a dreamer.
You don't see right through me, you just thought you knew me.
So hang on and you just might enjoy the ride.
Right now I'm down: that much is very clear.
Just wait and see, I'm going up from here.

I'm going higher, I'm a flyer, I'm gonna keep flying high, high
, high er

Rumor has it that I'm done completely, but that won't defeat me
'cause I believe there's power in between, yeah.
You say this place won't take me very far,
One day you'll stop and gaze at my shining star.

I'm going higher, I'm a flyer, I'm gonna keep flying high, high
 er

Risin', risin' off the ground
Nothin', nothin' can pull me down
Higher, higher, I'm gonna be free, free oh

Risin', risin' off the ground
Nothin', nothin' can pull me down
Higher, higher, I'm gonna be free---

I'm going high, higher, I'm a flyer, and I'm gonna keep flying
higher, higher, higher, I'm a flyer, and I'm gonna keep flying
high, high er

I'm a flyer
weeee hoooooh
