

# Satisfaction

David Phelps

You know it ain't about the money  
Or the power  
Or the fame

It's not about a great position  
It's not religion  
It's not a game

Take up your cross and follow me  
Was not a guarantee  
That the road would not be rough

So you ask me, what's the big attraction  
Peace, love, hope, satisfaction  
It's a complete chain reaction  
Peace, love, hope, satisfaction

I've heard the stories of the narrow road  
Some say it's a heavy load  
And the way is steep

I've been there, I can testify  
The vows of sacrifice  
Are hard to keep

But still I chose to turn the other cheek  
And to wash my brother's feet  
And to give myself away

So you ask me, what's the big attraction  
Peace, love, hope, satisfaction  
It's a complete chain reaction  
Peace, love, hope, satisfaction

When I'm trapped inside His freedom and I'm lying on the altar  
And the last part of myself has been crucified  
When I'm wearing all His riches in the ashes of my will  
I am clean, I am whole, I am satisfied

You ask me, what's the big attraction  
Peace, love, hope, satisfaction  
It's a complete chain reaction  
Peace, love, hope, satisfaction

You ask me, what's the big attraction  
Peace, love, hope, satisfaction  
It's a complete chain reaction  
Peace, love, hope, satisfaction
