

What I Need Is You

David Phelps

I can fool my closest friends
I can fool my loved ones too
I can fool myself but then
Lord, I know I can't fool you

I am walking wounded, broken
I want back the joy I knew
I want something real to hope in
Jesus what I need is you

I don't need a voice of thunder
For me to believe it's true
I don't need a sign or wonder
Jesus what I need is you

I've been such a great pretender
But it's wearing on my soul
I've no terms for my surrender
Help me Jesus, make me whole

I don't need a voice of thunder
For me to believe it's true
I don't need a sign or wonder
Jesus what I need is you

I'm so tired of being afraids
Sadness knocking on my door
If you can fix this mess I've made
Take me, take me now
I'm yours

I don't need a voice of thunder
For me to believe it's true
I don't need a sign or wonder
Jesus what I need is you
