

Flying

David Pomeranz

I'm flying
Floating up in my balloon
Nothing around me but air
And you
The share the sound of

Flying
A basket of love in the sky
All of the townspeople wave
As we go

Flying
Floating up in my balloon (Flying)
Nothing around me but air
And you
To share the sound of

Flying (Flying)
Basket of love in the sky (Flying)
All of the townspeople wave
As we go by
As we go
Flying

Flying (Flying)
Basket of love in the sky (Flying)
All of the townspeople wave
As we go by
As we go
Flying
