

High Together

David Pomeranz

Babe, there's something I've just got to say to you
Could you sit for a minute or two
And I think I'll feel much better
There've been lots of girls in my life before
But you got that somethin' more
Do you get what I'm tryin' to tell ya?

Wherever you sleep
I wanna be your pillow
I wanna go where you go

And I hope you don't think I'm forward, but
I think we could go on forever
And I think you and I
Could get so high together

Oh
Oh, oh
Oh

Baby, I been high on
Every kind of thing to fly on
From A to Z
But the way that you work on me
Is higher than I can remember
Funny, but the words just don't word it right
Butt if you could see you tonight
You would understand every letter

Whoever you are
I'm starting to love it
And I'm so glad of it

And I hope you don't mind me askin', but
What're you doin' forever
For the rest of our lives
We could be so high together

La-la-la
Uh, uh

And I hope you don't think I'm forward, but
I think we could go on forever
For the rest of our lives
We could be so

High, high
High, high
High, high
High, high-igh-igh
High, high
High, high
High, high
High, high-igh-igh

Yeah, high together
High together

We can be high together
Oh, high together
We could be high together
