

# Thea

David Pomeranz

Well, we really did it this time  
Like we've never done before  
We're so busy with our points of view  
That can't see clear anymore

I guess I said some things  
I didn't mean  
And you walked out the door

Oh, look as the mess we made, Thea  
Just look at the mess we made, Althea  
Just look at the mess we made, Thea, my love

On one hand it don't seem worth it  
All this fussin' gets so old  
Yet I can't believe how lonely I get  
When you're not around to hold

How can people so in love  
Keep this up?  
I really don't know

Oh, look as the mess we made, Thea  
Just look at the mess we made, Althea  
Just look at the mess we made, Thea, my love

Oh, darlin', look what we're doin'  
It seems like such a lie  
Oh, darlin', we could be through with it  
If we'd only try

Yet we keep on playin' righteous  
Like two spoiled kids in school  
And we'll keep on makin' messes, I guess  
For as long as we stay fools

But even if we never change  
Just the same (I'll always love you)  
I will always love you (I'll always love you)

Oh, but look as the mess we made, Thea  
Just look at the mess we made, Althea  
Just look at the mess we made, Althea

Children that we are (Children that we are)  
We keep breaking things apart

Look at the mess we made, Thea  
Just look at the mess we made, Althea  
Just look at the mess we made, Thea, my love

Children that we are  
We keep breaking things apart  
Just look at the mess we made  
Look at the mess we made, Althea
